

FOCIS 2022 Member Society Symposium

Symposium title:

Immunity at the barriers

Hosting Societies:

SIICA Italian Society of Immunology, Clinical Immunology and Allergology

OGAI Austrian Society of Allergy and Immunology

DGfI German Society of Immunology

SFI French Society of Immunology

SEI Spanish Society of Immunology

Chairman:

Prof. Raffaele De Palma, MD, University of Genoa (Italy)

raffaele.depalma@unige.it

Program:

Prof. Maria Rescigno, PhD, Humanitas University, Milan (Italy)

maria.rescigno@hunimed.eu

Microbiota and immune system in gut-liver-brain axis

Prof. Agnes Lehuen, PhD, Institut Cochin, Paris (France)

agnes.lehuen@inserm.fr

Role of gut microbiota in autoimmune diabetes

Prof. Erika Jensen-Jarolim, MD, Medical University of Vienna (Austria)

erika.jensen-jarolim@meduniwien.ac.at

Relationship between intestinal and pulmonary microbiome dysbiosis in asthma

Prof. Dunja Bruder, PhD, Helmholtz Centre for Infection Research (Germany)

dunja.bruder@med.ovgu.de

Maladapted antibacterial epithelial response in the post-influenza lung as a potential driver for enhanced susceptibility to bacterial superinfection

Prof. Oscar Palomares Gracia, PhD, Universidad Complutense de Madrid (Spain)

oscar.palomares@quim.ucm.es

Novel vaccines targeting DCs for allergic and infectious diseases to restore inflammation and barriers integrity
