

The Scientific Committee gives you a new chance to participate actively in this congress and make it an extraordinary occasion for the exchange of thoughts and experiences. We look forward to receiving abstracts for consideration and inclusion in the program as **poster presentation**.

DEADLINE FOR LATE ABSTRACT SUBMISSION

APRIL 16, 2023

The abstract submission is only possible on-line. Abstracts submitted by other means or not compliant with the instructions will not be accepted.

Please carefully follow the instructions before submitting the abstract. The abstract will be online for review by the author until the submission deadline.

All submitted abstracts will be reviewed by the scientific committee after the submission deadline.

Acceptance, together with technical details for poster presentation, will be notified to the presenting author by May 5, 2023. Registration to the congress of the presenting author is mandatory.

ABSTRACT PREPARATION

1. Abstract format is free; should be prepared and saved as **.doc** or **.docx** for uploading. Type the abstract in Arial 10
2. Abstract title, authors' list and affiliations must be inserted during the submission procedure and **NOT** in the abstract text.
3. The entire abstract must fit in **ONE A4 page** (page margin 2 cm; type in Arial 10). If references and/or acknowledgments are included, they must fit in the same page of the text.
4. The abstract must be written in English.
5. Abbreviations are not allowed in the title. If there are abbreviations in the text, please write the full description when first used.
6. **TOPIC SELECTION:** To optimize distribution of abstracts in the workshop sessions, during the online submission Authors are requested to select from the list below **ONE** main topic and **TWO** additional topics (please do not select again the first choice).
7. **PRESENTATION TYPE:** All the contributions received during this late abstract submission will be considered as POSTERS and will be allocated in a poster session.
